Red Light (featuring Ravenbird) — Vincent/Ciancia

Red light stop
Green light go
Where she lands
No one knows

Up and down
Like a doll
Tied to him
You won't get far

Round and round
Up and down
Will this game ever end?

Tell me lies
Keep me still
Spinning round
This carousel

I say yes
They say no
Won't get far
But what do they know?

Round and round
Up and down
Will this game ever end?

I can do it if I want to
I can have it if I say
It don't matter if I want to
Where there's a will there's a way

Will this game ever end?
Round and round
Up and down
Will this game ever end?

Red light stop
Green light go
Where she lands
No one knows

Up and down
Like a doll
Tied to him
You won't get far

Round and round
Up and down
